Highlands Post Acute is uniquely set up to provide an exceptional care experience. With 55 private rooms patients are able to maintain their privacy as they recover and safely discharge, or if they remain at Highlands for long-term care.

OUR MISSION

At Highlands Post Acute, we base every decision we make around two core beliefs. First, it is our sacred responsibility to care for and comfort the sick and afflicted. Second, to treat every person with whom we come in contact as an honored guest and a dear friend.

Our team of highly skilled professional staff will strive to ensure you are receiving the highest quality care available in the skilled nursing setting. Our resident's continued comfort and satisfaction is our highest priority.

We love our employees and strive to create an atmosphere of kindness and equality. All are treated as individual partners centered around a common goal to deliver uncommonly exceptional service and strive to exceed the expectations of every guest.

We are honored to have the opportunity to serve you and the community!

ABOUT US

Highlands Post Acute is a Skilled Nursing Facility located conveniently near downtown Cincinnati right next to Xavier University. At Highlands we offer exceptional short term rehab services as well as long-term care for those who are in need of 24 hour nursing care.

Highlands has seen many changes as of late and has built a team of dedicated healthcare workers. Our Director of Nursing and many of our administrative staff are veterans in the Skilled Nursing industry and have worked in very highly rated facilities across the country.

Being such a small facility with 55 private rooms we are uniquely set up to provide exceptional service. We consider it a privilege to work in such an intimate setting where we make communication with family as much a priority as patient outcomes!

We are excited to become a pillar in the community as we seek to care for those in need and treat everyone who enters our doors as an honored guest.
