President's Message

At Retirement Housing Foundation, our mission has always been about more than providing housing. It is about creating homes where people can live with dignity, find connection, and feel a sense of belonging. Every day, our dedicated team members and community partners work together to make that mission a reality, and I am pleased to share several important milestones that reflect our continued commitment to those we serve.

In August, we had the pleasure of hosting a building dedication and ribbon-cutting at Congregational Place in Chula Vista, CA, a 56-unit affordable senior housing community developed in partnership with Community Congregational Development Corporation. This achievement represents the power of collaboration and a shared commitment to ensuring older adults have access to quality, affordable homes.

Then in September, we held another building dedication and ribbon-cutting at Central Metro Place in Baldwin Park, CA, a 55-unit affordable senior housing community made possible through our partnership with the City of Baldwin Park. Supported through tax credit financing and the HUD Section 202 program, this community expands housing opportunities for older adults. We are especially pleased that 50% of the one-bedroom apartments are designed to accommodate individuals with mobility or sensory impairments. This thoughtful approach reflects our belief that affordable housing should be accessible and responsive to the diverse needs of our residents.

While celebrating these accomplishments, we are also looking ahead. Sixteen existing RHF communities are scheduled for renovations during 2027 and 2028, and we are actively working to secure the financing needed to move these important projects forward. Maintaining and improving our existing communities is just as essential as building new ones. Our responsibility is to ensure that current residents can continue to call their communities home while preparing welcoming and comfortable homes for future residents.

None of this work happens without people. Our exceptional RHF team members bring compassion, professionalism, and dedication to our mission every day. They are the reason we can accomplish so much for

Verde View Residents Cultivate Community Through Garden Planting Party

Residents at Verde View in Camp Verde, AZ, came together for a morning of gardening and teamwork during a recent Garden Planting Party. Thanks to generous donations from Angels Care Home Health and Verde River Growers, more than $100 worth of plants were added to the community garden, including tomatoes, red and yellow bell peppers, jalapeños, Carolina Reaper chili peppers, and strawberries. Residents volunteered their time to prepare garden beds and plant the new additions, demonstrating their enthusiasm and community spirit.

The event also provided an opportunity to harvest sweet potatoes that had been growing in the garden, which were shared with fellow residents. Verde View extends its sincere gratitude to Angels Care Home Health and Verde River Growers for their generosity and support. Residents look forward to watching the garden flourish, enjoying future harvests, and continuing to grow a garden that benefits the entire community.

Game Day Donation

Charles Major Manor in Shelbyville, IN received several new board games during the holiday season last year from one of their local community partners, McNeely Law LLP. They hosted their first Board Game Day with the residents to utilize some of the exciting new additions to the community. Staff members joined the residents and played games for a fun afternoon retreat. For the past several years, McNeely Law has chosen their "Holiday Giving" outreach program for the residents of Charles Major Manor. They bring gifts for all of the residents and deliver them door-to-door. Additionally, they reach out about the community's wish list items and generously donate towards that. In prior years, they have donated grocery carts, an entry bench, cornhole boards, a popcorn machine, and money to go towards the Resident Activities fund. Huge thanks to McNeely Law for your continued support and partnership with Charles Major Manor!

World Environmental Day Awareness

In celebration of World Environmental Day, which was June 5, 2026, Parmly Lakeview Apartments in Chisago City, MN, was privileged to welcome Chisago County Master Gardener, Julia B., to their community for an educational session on succulent gardens on June 16, 2026.

Residents had the opportunity to learn how succulent plants benefit the environment through their water-efficient nature and minimal maintenance requirements. These qualities make them an excellent choice for water conservation and reducing overall water usage.

Following the educational presentation, residents were each gifted succulents along with soil and garden figurines provided by the Chisago County Master Gardeners program. Parmly residents Jeanne B. generously donated pots and decorative rocks so every participant was able to create and plant their own succulent garden to take home.

We extend our sincere gratitude to the Chisago County Master Gardeners for their generosity and dedication, as well as to Jeanne B. for her thoughtful contribution in making this event a success.

Congregational Place Building Dedication

RHF was honored to gather for a ribbon-cutting ceremony marking the opening of Congregational Place, a thoughtfully designed 56-unit affordable senior housing community serving adults age 55 and above in Chula Vista, CA.

We extend our sincere appreciation to our partners, Community Congregational Development Corporation (CCDC), Consolidated Contracting, and Studio E Architects, USA for their collaboration in bringing this community to life.

We were honored to have Chula Vista Mayor, John McCann, and Vernita Todd, BMA, FACHE, Vice President & Chief Strategy Officer from San Ysidro Health's PACE Program participate in the ceremony and make remarks. Jimmy Lontayo, the community's first resident, participated in the ribbon-cutting ceremony.

RHF looks forward to welcoming residents into this new community, designed to support older adults in living independently and staying connected to the heart of Chula Vista.

Congregational Place Building Dedication

"As our senior population continues to grow, we need more affordable housing options that recognize that a home is only one part of what helps older adults remain independent and connected to their community," said Stuart Hartman, President & CEO of RHF. "Congregational Place brings together housing, services, and amenities in one location. We are proud to open the doors to this beautiful new community and welcome our residents home."
